Portage County is located in the midst of northeastern Ohio's urban centers with a population of 161,419. The County has maintained an AA rating from Standard & Poor's.

The County utilizes two primary fund categories: Proprietary and Governmental. Proprietary Funds are self-sufficient, covering all costs associated with providing a specific service for Portage County residents, such as the Solid Waste Recycling Center, Portage County Water, Portage County Sewer, and Streetsboro Sewer.

Governmental Funds encompass a wider range of activities and services. These functions are broken down into eight major categories: **Legislative and Executive** include the costs for the County's administrative offices such as the Auditor, Commissioners, Treasurer, Prosecutor, and Recorder; **Judicial** expenses refer to the County court system; **Public Safety** operations include the Sheriff, Emergency Management, and Probation departments; **Public Works** expenses relate to maintaining our roads and bridges; **Health** activities are comprised of Development Disabilities, Dog and Kennel, and the Alcohol, Drug Addiction and Mental Health Board; **Human Services** expenses are the operational costs of Job and Family Services and Veteran Services Commission; **Capital** expenditures are those incurred to build or purchase assets that are expected to last more than two years; **Debt** expense are interest and principal payments made for County debt.

To the Citizens of Portage County,

The Auditor is proud to participate in various award programs sponsored by the Governmental Finance Officers Association (GFOA). Each individual program has certain requirements that must be met in order to qualify. During 2015, the County received both the *Certificate of Achievement for Excellence in Financial Reporting* for the 16<sup>th</sup> year and the *Award for Outstanding Achievement in Popular Annual Financial Reporting* for the 3rd year. We believe our current reports continue to conform to applicable standards, and we are submitting them to GFOA.

The County finished the countywide update to the computer systems and continued with the countywide update to the phone system. The increase in Health and Human Services was primarily due to employee compensation from negotiated agreements and minimal increase in staffing positions. Public Works project fluctuation caused a one year (2014) decrease in spending. Current year spending has increased back to normal expense levels. All other expenditure line items had minimal increases or decreases compared with the previous year.

The County continues to see an increase to overall revenue sources, indicating signs of a slow but steady rebound in the local economy. The County's 1% sales tax once again surpassed the previous year's receipts, thanks in large part to rising retail and auto sales. Income from investments continue to creep up, as do rental and royalty revenues. Additionally, the County's housing market is slowly improving. While the overall revenue stream remains steady, the conservative spending of the 18 Elected Officials is also to be commended for the County's current fiscal health.
