Portage County schedules more free H1N1 flu vaccine clinics: Open to general public

The H1N1 flu vaccine is now available to anyone age 6 months old and older regardless of health conditions. Officials continue to urge people in the high risk groups, such as those 64 and younger with chronic health conditions, all people age 24 years and younger, and pregnant women, to get their vaccine. Additional clinics will be scheduled in Hiram, Kent, and Southeast School District.

Cost:
FREE

Preregistration:

People are encouraged to pre-register, which helps speed up the paperwork process. h1n1vaccine.odh.ohio.gov/

Arrival Times:

People are discouraged from arriving in advance of the clinic. No early birds will be taken.

City/Twp, Date, time and locations:
